The First Eight Days – Day 8

Friday 13th September 2019

Our '7 Habits' Celebration Day

What a fantastic 'First Eight Days' we have had. Everyone in school has worked together to make the start of our new school year a very positive one.

"I've been putting 'first things first' and help with washing now instead of playing my Mario TV game."
Miguel, Class 2.1

"I like learning about the 7 habits because they help me to be a better person."
Artie, Class 4.2

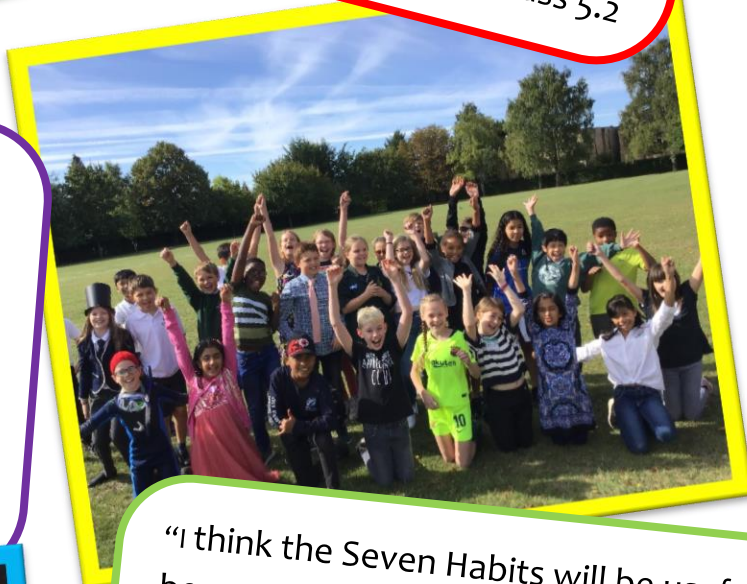

"I've liked learning about the 7 habits because they help us learn how to be a better person. For example, thinking 'win-win' will help us find solutions to problems we might have at school which makes everyone happy."

Denis and Marianna, Class 5.2

"Learning about the 7 habits has been fun! They have taught me so much that I now feel more confident than before. 'Sharpening the saw' made me realise how to take care of myself and everyone around me."

Taya, Class 5.1

"I think the Seven Habits will be useful because lots of them are about how to improve friendships. They will help us to make sure everyone can have good friendships and work together in school to do our best."

Niamh, Class 4.1
